**Surveyors**, I understand the cost of this Regional Meeting is more than usual, but the prices are the result of paying for the instructor and course materials as well as the venue and food. The price includes the printed USPAP manual, the Study Guide in pdf. format which can be loaded on your laptop and used that way or printed out, your choice, and the Certification exam. Taking this course as presented by the Appraisal Foundation usually requires long distance travel and costs \$450 plus books. The Internal Revenue Service is requiring all appraisals done for taxable reasons be done by a USPAP trained person. Banks and courts are following suit. It's time to add this to your tool bag!

Pete Spang, AMS<sup>®</sup> NE Regional Director

P.S. If you choose to use your laptop for the study guide, make sure your laptop can run 8 hours. Outlets are limited.

P.P.S. Seats are not cushioned - bring your own.
